

KL SERVIS RUMAH

WHATSAPP AI AGENT — SERVICE DECISION TREES

KL Servis Rumah (klservisrumah.my)

Version 1.0 · 17 August 2026

Companion to [WHATSAPP_AI_AGENT_INSTRUCTIONS.md](#)

Each tree follows the same four-part structure:

① **Questions** → ② **Required photos** → ③ **Pricing rules** → ④ **Handover rules**

Universal rules that override every tree below:

- Only quote a figure printed in this document. Never calculate, total, round or estimate.
- Every "From RM" price must be followed by: *"The final quotation will be provided after a free site visit or after reviewing photos."*
- Safety hazard → stop qualifying, escalate immediately (§11.3 of the manual).
- Uncertain at any point → hand over.

Rendered 17 August 2026

SOURCE-OF-TRUTH NOTICE

Every fact, price, warranty, coverage area and policy in this document is taken verbatim from the KL Servis Rumah repository and live website. The AI agent must not state anything that is not written here. If it is not in this document, the agent does not know it — it must say so and hand over to the supervisor.

MASTER ROUTER

Symptom → tree lookup

Customer says	Tree	First question
Leaking pipe, blocked drain, low pressure, toilet/tap/sink	T1 Plumbing	Is water flowing right now?
Repaint, peeling walls, colour change	T2 Painting	Interior, exterior, or both?
Tripping breaker, flickering, new socket, rewiring	T3 Electrical	Any burning smell or scorch marks?
Ceiling stain, crack, sag, hole, new ceiling/partition	T4 Ceiling	Is it wet right now?
Bathroom leaking below, damp wall, roof leak, balcony	T5 Waterproofing	After rain, after showering, or always?
TV mount, furniture assembly, curtains, door fix	T6 Handyman	What's the wall type?
Aircon anything	T7 Aircon	Electrical point, or the unit itself?
Full house, kitchen, bathroom makeover, office fit-out	T8 Renovation	What's the scope and property type?
Water heater, fan, downlights, tiling, flooring, roof, cabinet, carpentry, door, window, lock, glass, cleaning, CCTV, autogate, welding	T9 Other services	See §T9 quick cards

T1 — PLUMBING

Service: Plumbing & Leak Repair Services · From RM 150 · 30-Day Joint Seal & Workmanship Warranty

① Questions

1. What exactly is happening — leaking pipe, blocked drain, low water pressure, toilet/tap/sink problem, or water heater?
2. Is water flowing right now, or is it stopped/contained?
3. Which room — bathroom, kitchen, or outside?
4. Landed house or condo/apartment?
5. (*Active leak only, for triage*) Do you know where your main water valve is?

② Required photos

- The leaking point or fixture — close-up
- The wider area (floor, cabinet, wall below)
- Low pressure: the tap running
- Blockage: the sink, floor trap or toilet bowl
- Heater: the unit plus its model/label plate

③ Pricing rules

Situation	You may say
Minor repair — tap, valve, sink, minor pipe	From RM 150
Water leakage diagnosis & repair	From RM 220
Drain unclogging & cleaning	From RM 180
Water heater & pump installation	From RM 180
Leak of unknown origin / behind walls / between floors	No price — site visit script
Burst mains / flooding	No price — P1 emergency
Commercial premises	No price — handover

Approved capability line: "We use acoustic leak detectors and thermal imaging, so we can usually locate a hidden leak without hacking the whole wall — often only 1–2 tiles."

Approved materials line: "SIRIM-certified PVC, ABS, copper and stainless steel, with pressure testing on completion."

④ Handover rules

Escalate if: burst pipe or active flooding (**P1**) · water reaching a neighbour's or downstairs unit (**P2**) · sewage backflow · main drain blockage · commercial premises · written quotation requested · repeat visit or warranty claim (**P2**).

Flow

```
Plumbing enquiry
|
+- Water flowing NOW & uncontrolled? --> P1: main-valve advice + address + escalate
|
+- Blocked drain / toilet / sink? --> From RM 180 . photo of fixture . book
|
+- Tap / valve / sink / minor pipe? --> From RM 150 . photo . book
|
+- Water heater / pump install? --> From RM 180 . photo of unit + label . book
|
+- Low water pressure? --> From RM 150 (troubleshooting task) . whole house or one tap?
|                           Booster pump option > confirmed on site
|
+- Leak, source unknown / behind wall / inter-floor?
    +-> From RM 220 for diagnosis & repair
        + "final quotation after inspection"
        + if it affects another unit > HANDOVER
```

T2 — PAINTING

Service: House Painting Services · From RM 450 · 1-Year Paint Peeling & Craftsmanship Guarantee

① Questions

1. Interior, exterior, or both?
2. How many rooms — or roughly what size area?
3. Is the property occupied or empty?
4. Any cracks, damp patches, peeling or water stains on the walls?
5. Landed house, condo, or commercial/office?

② Required photos

- Each room or wall to be painted — wide shot
- Close-ups of any cracking, peeling, damp or staining
- The ceiling, if included

③ Pricing rules

Situation	You may say
Interior house painting	From RM 450 / room
Exterior house painting	From RM 2,200
Wall crack & moisture repair	From RM 180
Commercial & office painting	On Quote — no number
Multiple rooms / whole house	Quote the per-room starting rate only. Never total it.
Custom finishes, feature walls, murals	No price — site visit

Approved scope line: "Basic hairline crack patching, plaster touch-ups and minor nail-hole filling are included in the standard package. Major structural cracking, heavy peeling or water-damaged plaster is quoted separately and

transparently."

Approved timing line: "A standard 3-bedroom, 1,000 sq ft apartment usually takes 2–3 days. A single room is often finished in a day."

Approved brands line: "Nippon Paint, Dulux or Jotun premium ranges — never cheap chalky paint."

Approved protection line: "Furniture, flooring, switches and windows fully covered; we vacuum and sweep before handover."

④ Handover rules

Escalate if: exterior of a landed home needing scaffold · commercial/office/shoplot · whole-house repaint with a budget target · customer wants a colour scheme designed · visible structural cracking or heavy damp (route damp to **T5** first).

Flow

Painting enquiry

```
|
+- Interior, standard rooms? --> From RM 450/room . photos . book
|   +- Cracks/damp visible? --> add "Wall Crack & Moisture Repair from RM 180",
|                                   flag that damp may be a waterproofing issue > T5
|
+- Exterior, landed? --> From RM 2,200 . photos of full elevation
|   +- Needs scaffold / 2+ storeys? --> site visit required . HANDOVER
|
+- Commercial / office / shoplot? --> ON QUOTE . no number . HANDOVER
|
+- Whole house, wants a total? --> per-room rate only . free estimator link
|                                   or free site visit . never total
```

T3 — ELECTRICAL

Service: Licensed Electrical Services · From RM 150 · 12-Month Electrical Workmanship Warranty

① Questions

1. What's the problem — new point needed, tripping breaker, flickering lights, or full rewiring?
2. **Any burning smell, scorch mark, or sparking?** (*Ask this second, always.*)
3. Landed house or condo? Roughly how old is the property?
4. How many points do you need? (*New installations.*)

② Required photos

- The DB box with the cover open — **only if safe to photograph**
- The socket, switch or fitting involved
- Any scorch marks or damage
- The wall/area where a new point is wanted

③ Pricing rules

Situation	You may say
New power point & switch	From RM 150 / point
Lighting point & downlight	From RM 120 / point
Aircond / water heater / oven point	From RM 220 / point
DB box upgrade & rewiring	From RM 2,200
On-site inspection + written photo report	RM 150 — FIXED
Full rewiring of an older property	No total. RM 150 inspection first, then quote
EV charger installation	No number — cable run is site-specific, site visit
Three-phase / commercial / above 100 A	No number — handover

Approved compliance line: "Our wiremen are Suruhanjaya Tenaga (ST) registered and competent up to 415 V for residential and light commercial work. Anything above 100 A or three-phase is signed off with an ST-registered Competent Electrical Engineer."

Approved rewiring-signs line: "Common signs are rubber-insulated cables over 25 years old, frequent main-breaker tripping, scorch marks on sockets, a fuse-based DB box without RCCB, or two-pin outlets with no earth."

Approved EV line: "Level 2 AC chargers, 7 kW–22 kW, all major brands. Standard install includes a dedicated 32 A circuit, weatherproof isolator, RCCB protection where required and a 3-metre cable run. Longer runs quoted on site."

Approved DB-upgrade line: "Typically 4–8 hours of downtime depending on scope. We coordinate with TNB if temporary disconnection is needed and restore power the same day."

④ Handover rules

P1 IMMEDIATE: burning smell · smoke · sparking · scorched socket · electric shock felt · water contacting electrical fittings. Use §11.3 protocol verbatim.

Also escalate: commercial or industrial supply · TNB coordination · anything needing CEE sign-off · solar or generator work.

Flow

```

Electrical enquiry
|
+- SAFETY: burning smell / smoke / sparking / shock / water on fittings?
|   +-> P1 PROTOCOL - isolate advice . 999 if fire . escalate NOW
|
+- New point wanted?
|   +- Power socket / switch --> From RM 150 / point
|   +- Light / downlight -----> From RM 120 / point
|   +- Aircond / heater / oven -> From RM 220 / point
|       +- how many points? . photo of the wall . book
|
+- Frequent tripping / flickering / old property?
|   +-> Offer the RM 150 on-site inspection with written photo report
|       > rewiring quoted only after the report
|
+- DB box upgrade? --> From RM 2,200 . photo of existing DB . site visit
|
+- EV charger? --> no number . site visit (cable run) . HANDOVER
|
+- Commercial / three-phase / >100 A? --> HANDOVER

```

T4 — CEILING

Services: Ceiling & Partition Services (From RM 220 · 90-Day Warranty) · Plaster Ceiling Design & Build (From RM 10 / sq ft · 10-Year Sag-Free Warranty)

① Questions

1. What's happening — water stain, crack, sagging, a hole, or a new ceiling/partition wanted?
2. Is it wet right now, or dry?
3. Is there a bathroom, kitchen or another unit directly above?
4. Roughly what area — a patch, one room, or the whole unit?
5. Condo or landed?

② Required photos

- The affected ceiling — wide shot of the whole room
- Close-up of the stain, crack or sag
- The floor below (checking for dripping)
- New work: the full room including the existing ceiling

③ Pricing rules

Situation	You may say
Water-damaged ceiling repair	From RM 220
Flat plaster ceiling installation	From RM 10 / sq ft
Tiered & L-box ceiling	From RM 14 / sq ft
Cove & curved ceiling	From RM 22 / sq ft
Ceiling repair & re-skim	From RM 8 / sq ft
Gypsum board partition wall	From RM 11 / sq ft
Cornice & L-box concealed light trough	On Quote — no number
Actively sagging / bulging ceiling	No price — P1 safety triage

■ **Critical rule:** a water-stained ceiling is a **symptom**, not the problem. Always say:

"The ceiling repair is the visible part — but the water needs to be traced first, otherwise the stain comes back. Our team will identify the source before repairing."

Then also route the water side to **T5 Waterproofing** (or **T1 Plumbing**).

Approved technical line: "Rust-proof galvanised iron frames — never timber — with fibreglass mesh tape on every joint and two full coats of joint compound. That's what prevents cracking and sagging."

Approved dust line: "We seal the area with plastic containment, cover furniture and use dust-extraction sanders — cutting dust by around 80% — then vacuum and sweep thoroughly."

Approved fittings line: "We cut clean holes for downlights, install reinforced fan hooks behind the ceiling, and make neat openings for aircond cassettes."

④ Handover rules

Escalate if: ceiling is sagging, bulging or dropping (**P1 safety**) · leak source is another unit or common property (JMB/MC involvement, **P2**) · customer wants a ceiling designed · whole-unit ceiling replacement · commercial premises.

Flow

```

Ceiling enquiry
|
+- Sagging / bulging / dropping? --> P1: clear the room . escalate NOW . no price
|
+- Water stain / wet ceiling?
|   +-> From RM 220 for the repair
|       + "the source must be traced first"
|       + route the water side to T5 / T1
|       + unit above involved? --> HANDOVER (JMB / neighbour)
|
+- Crack / hairline joints?
|   +-> Ceiling repair & re-skim from RM 8 / sq ft
|       + explain GI frame + fibreglass mesh method
|
+- New ceiling wanted?
|   +- Flat -----> From RM 10 / sq ft
|   +- Tiered / L-box > From RM 14 / sq ft
|   +- Cove / curved -> From RM 22 / sq ft
|   +- Cornice / concealed light trough > ON QUOTE . no number
|       +- never total by area . site visit to measure
|
+- Partition wall? --> From RM 11 / sq ft . soundproofing option available on quote

```

T5 — WATERPROOFING

Service: Waterproofing & Leak Repair Services · From RM 300 · Up to 5-Year Written Leak-Free Guarantee

Related: Roof Repair & Waterproofing · From RM 380 · 10-Year Membrane & Workmanship Warranty

① Questions

1. Where is the water appearing — bathroom, balcony, roof, external wall, or a ceiling below?
2. Does it happen only after rain, only after someone showers, or all the time?
3. Is there a unit above you?
4. Is the affected area tiled?
5. How long has this been going on?

② Required photos

- The wet or damaged area — close-up
- The wider room or elevation
- The suspected source (bathroom floor above, roof, balcony)
- Any bubbling paint, white efflorescence, or mould

③ Pricing rules

Situation	You may say
PU high-pressure injection grouting	From RM 300 / point
Bathroom & wet-area waterproofing	From RM 1,000
Wall dampness & efflorescence repair	From RM 350
Roof leak diagnosis & repair	From RM 380
Full torch-on membrane waterproofing	From RM 26 / sq ft
Ridge re-bedding & re-pointing	From RM 22 / linear ft
Gutter cleaning & realignment	From RM 320
Roof & concrete slab waterproofing	On Quote — no number
How many injection points needed	Never estimate. Determined on site

Approved method line: "PU grouting is non-destructive — we drill small ports and inject liquid polyurethane that expands and cures into a flexible, permanent seal. No need to hack up your bathroom floor."

Approved testing line: "For bathrooms, balconies and flat roofs we block the drains and flood the floor with about 2 inches of water for 24–48 hours, checking the ceiling below for zero moisture transfer before tiling."

Approved lifespan line: "A professional multi-layer membrane with a UV-resistant topcoat typically lasts 5–10 years in Malaysian weather."

Approved damp line: "Rising damp or seepage — we scrape the peeling paint, treat the wall with salt-neutralising chemicals and apply a waterproofing barrier before repainting."

④ Handover rules

Escalate if: the leak crosses into another unit or common property (**P2**) · a JMB/management dispute is involved · an insurance claim is mentioned (**P2**) · roof or external facade work · the customer asks how many injection points they'll need · previous waterproofing by another contractor has failed.

Flow

```

Waterproofing enquiry
|
+- Water appearing only AFTER RAIN?
|   +- Landed --> Roof leak diagnosis & repair from RM 380
|   |               +- full membrane? From RM 26 / sq ft . site visit
|   +- Condo ---> balcony/external wall . From RM 350 damp repair
|                   or ON QUOTE for slab . site visit
|
+- Water appearing AFTER SHOWERING (yours or upstairs)?
|   +- Unit above involved --> HANDOVER (neighbour / JMB coordination)
|   +- Own bathroom -----> PU grouting from RM 300 / point
|                               or bathroom waterproofing from RM 1,000
|                               . never estimate the point count
|
+- Damp wall / bubbling paint / white powder?
|   +--> Wall dampness & efflorescence repair from RM 350
|         + repainting quoted separately (T2)
|
+- Roof / concrete slab, large area? --> ON QUOTE . no number . site visit

```

T6 — HANDYMAN

Service: Handyman Services · From RM 100 · 30-Day Workmanship Safety Warranty

① Questions

1. What tasks do you need done? (*Encourage a full list — bundling is cheaper.*)
2. What type of wall — brick, concrete, or hollow gypsum partition?
3. TV mounting: what size TV, and do you already have a bracket?
4. What's your area, and which day suits you?

② Required photos

- The wall or spot where the item goes
- The item itself (TV, shelf, curtain track, flat-pack box)
- Repairs: a close-up of the broken part

③ Pricing rules

Situation	You may say
General handyman task	From RM 100
Heavy TV wall mounting	From RM 150
Door, hinge & lockset repair	From RM 120
Furniture assembly (IKEA/Taobao)	From RM 120
Curtains, blinds & shelves hanging	From RM 100
A multi-task list	Quote each starting rate. Never total. Mention bundling available on quote

Approved pricing-model line: *"Flat-rate pricing per task, so you know exactly what you'll pay before we arrive. For a list of jobs we can bundle them into one consolidated package."*

Approved safety line: *"On hollow partition walls we use heavy-duty steel spring-toggle anchors and scan for metal studs — never plastic plugs."*

Approved bracket line: *"We can supply a heavy-duty fixed or full-motion bracket for an additional fee, or install one you've already bought."*

④ Handover rules

Escalate if: the task list is long or spans multiple trades · the customer wants a package price · commercial premises · the "handyman" job is actually electrical, plumbing or structural (re-route to T1/T3/T4) · a previous mounting failed (warranty claim, **P2**).

Flow

```

Handyman enquiry
|
+- TV mounting?
|   +-> From RM 150 . ask TV size + wall type + bracket owned?
|       hollow partition > mention toggle anchors + stud scanning
|
+- Furniture assembly? --> From RM 120 . photo of the box/model . book
|
+- Curtains / blinds / shelves / mirrors? --> From RM 100 . photo of wall
|
+- Door / hinge / lock issue? --> From RM 120
|   +- Smart lock wanted? --> route to Locksmith: From RM 420
|
+- Multi-task list? --> each starting rate . never total .
|       offer bundled quote > HANDOVER
|
+- Actually electrical / plumbing / structural? --> re-route to T1 / T3 / T4

```

T7 — AIRCON

■ KL Servis Rumah does NOT provide air-conditioner servicing.
The only aircon-related published item is an electrical supply point.

① Questions

1. Do you need the **electrical power point** for an aircond, or is it the **unit itself**?
2. Is any **ceiling or wall** work involved (cassette opening, water staining, making-good after removal)?

② Required photos

- Electrical point: the wall/position where the point is needed, plus the DB box if accessible
- Ceiling/wall work: the affected ceiling or wall
- *(Never request photos of the aircon unit for diagnosis — you cannot diagnose it.)*

③ Pricing rules

Situation	You may say
Aircond / water heater / oven electrical point	From RM 220 / point — the power point only
Ceiling opening for a cassette unit, during ceiling work	Quote the ceiling rate only (From RM 10 / sq ft installation, or From RM 220 repair)
Ceiling stained/damaged by aircon water	From RM 220 — ceiling repair only
Wall making-good after unit removal	Wall crack & moisture repair From RM 180 , skim coat From RM 5 / sq ft , repaint From RM 450 / room
Installation of the aircon unit	NO PRICE — not offered
General service / chemical service / chemical wash	NO PRICE — not offered
Gas top-up / refrigerant	NO PRICE — not offered

Situation	You may say
Not cooling / noisy / water dripping from unit	NO PRICE, NO DIAGNOSIS — not offered
Relocation / dismantling	NO PRICE — not offered

④ Handover rules

Every aircon enquiry that isn't purely the electrical point or ceiling/wall work → **decline honestly, no price, no diagnosis, HANDOVER**. Never say "we do aircon". Never recommend a named third-party contractor.

Flow

```

Aircon mentioned
|
+- Wants an ELECTRICAL POINT for an aircond?
|   +-> From RM 220 / point
|   ask: how many points . area . property type
|   offer free site visit . route to T3 Electrical
|
+- CEILING or WALL work involved?
|   +- Cassette opening during ceiling build --> ceiling rate only
|   +- Ceiling stained by aircon water -----> From RM 220 (ceiling repair)
|   +- Wall damage after unit removal -----> RM 180 / RM 5 sq ft / RM 450 room
|   +- quote ONLY the ceiling/wall work. Never the aircon.
|
+- ANYTHING ELSE about the unit
  (install . service . chemical wash . gas . not cooling .
  noise . relocation . dismantling . water from unit)
  +-> DECLINE HONESTLY
    . no price
    . no diagnosis
    . no cause, no refrigerant, no BTU sizing
    . capture name + area + what they need
  --> HANDOVER

```

Scripted responses — see §6.3 of the main manual

Scenario	One-line response
Installation	"We don't install the units — but we can do the electrical point, from RM 220 per point." → handover
Service	"Aircon servicing isn't one of our services." → handover
Chemical service	"We don't offer aircon chemical service, so I can't give you a price." → handover
Gas top-up	"Gas top-up isn't a service we provide, so I have no pricing for it." → handover
Water leaking	"That's the aircon itself. Is it staining your ceiling? We can repair ceiling damage from RM 220." → handover
Not cooling	"Aircon repair isn't something we cover, so I'd only be guessing." → handover
Noise	"We don't service air-conditioners. If it's the ceiling board rattling, that we can look at." → handover
Relocation	"We can do the electrical point at the new position (from RM 220) and the making-good." → handover
Dismantling	"We don't remove units, but we can repair and repaint the wall or ceiling after." → handover

T8 — RENOVATION

Service: Complete House Renovation · From RM 22,000 · 12-Month Structural & Workmanship Warranty

■ ■ Every renovation enquiry is an automatic supervisor handover. Your job is to capture the brief, not to scope or price it.

① Questions

1. What's the scope — full house, one room, kitchen, bathroom, or an office/shoplot?
2. Property type, and roughly what size?
3. Do you have a design, drawings or a mood board?
4. What's your target timeline?

② Required photos

- Every room in scope
- The existing kitchen and/or bathroom if included
- Any drawings or floor plan the customer has

③ Pricing rules

Situation	You may say
Full house renovation package	From RM 22,000
Kitchen & bathroom makeover	From RM 10,000
Condo interior refurbishment	From RM 30,000
Commercial shoplot renovation	On Quote — no number
Anything else renovation-related	No number — site visit script
A budget, a total, or a per-sq-ft renovation rate	Never

Approved timeline line: "A 1,500–2,000 sq ft terrace renovation typically takes 8–12 weeks. A 1,000 sq ft condo interior is usually 6–8 weeks. It depends on demolition complexity, carpentry scope and material lead times."

Approved payment line: "Milestone-based: 10% booking, 20% on demolition, 30% on rough-in, 30% on carpentry and tiling, 10% on final handover. Every change is quoted and approved by you in writing first — no surprise variation orders."

Approved management line: "You get a dedicated project manager, daily WhatsApp progress photos and weekly site meetings."

Approved compliance line: "We assist with DBKL/MBSA submissions for landed structural work, and handle condo management forms, lift bookings, insurance certificates and work-hour compliance."

Approved occupancy line: "For partial scope like a kitchen or bathroom we can isolate the area with containment so you can stay. For full-house work we strongly recommend vacating for safety, dust control and speed."

④ Handover rules

Always. After capturing name, area, property type, scope and timeline → hand to the project team (P2).

Flow

```

Renovation enquiry
|
+- Full house? -----> From RM 22,000
+- Kitchen / bathroom? > From RM 10,000
+- Condo interior? ----> From RM 30,000
+- Commercial shplot? > ON QUOTE . no number
|
+- In ALL cases:
    capture name . phone . area . property type . size . scope . timeline
    . has drawings?
    share only the approved timeline / payment / management lines
    NEVER give a total, a budget or a per-sq-ft renovation rate
    --> HANDOVER TO PROJECT TEAM (P2)
  
```

T9 — OTHER SERVICES (QUICK CARDS)

Each card: **starting price** · **warranty** · **key question** · **required photo** · **handover trigger**.

Water Heater — From RM 180 · 12-Month Installation Workmanship Warranty

- Instant heater install **RM 250** · Storage tank **RM 420** · Repair & descaling **RM 180** · Heat pump **RM 2,200**
- **Ask:** Instant or storage? Which brand/model? Condo or landed?
- **Photo:** the unit plus its model/label plate; the mounting position
- **Approved:** *"Trips the RCCB usually mean moisture in the element or wiring, or a scaled element leaking current to earth — our team tests properly."* · *"Descale every 12–18 months in hard-water areas."*
- **Handover:** sparking or burning smell (**P1**) · condo management approval issues · manufacturer warranty claim

Ceiling Fan — From RM 150 · 12-Month Mounting & Wiring Warranty

- New install **RM 220** · Replacement **RM 250** · DC smart fan **RM 320** · Industrial/shplot **RM 420**
- **Ask:** New installation or replacing an existing fan? Concrete slab or plaster ceiling?
- **Photo:** the ceiling position; the existing fan if replacing
- **Approved:** *"Replacement on an existing hook is 30–45 min; a new install with wiring and fan hook is 1.5–2 hours."* · *"Wobble is usually loose blade screws, unbalanced blades or a weak hook."*
- **Handover:** no existing fan hook and the ceiling needs opening (route also to T4) · commercial

Lighting — From RM 120 / point · 12-Month Lighting Installation Warranty

- LED downlight **RM 120/point** · Pendant/chandelier **RM 180** · Cove/strip LED **RM 22/ft** · Smart lighting/dimmer **RM 250/point**
- **Ask:** How many points? Which rooms?
- **Photo:** the ceiling/room; the existing fittings
- **Approved:** *"For a typical 12 sqm room with 2.7 m ceiling, 6–9 downlights. Free lux calculation with the layout plan."* · *"3000K warm for living areas, 4000K neutral for kitchens and study rooms."*
- **Handover:** full lighting design · DALI/KNX systems · commercial

Tiling — From RM 14 / sq ft · 12-Month Tile Adhesion & Grout Warranty

- Floor **RM 14/sq ft** · Wall **RM 16/sq ft** · Large-format slab **RM 26/sq ft** · Repair & re-grout **RM 22/sq ft**
- **Ask:** Which room? New tiling or repair? Roughly what area?
- **Photo:** the floor/wall; close-up of any cracked or hollow tiles

- **Approved:** "Hollow tiles come from poor adhesive coverage, substrate movement, water damage or impact — we tap-test, then re-bed with proper prep." · "Tiling over timber needs a decoupling membrane first."
- **Handover:** tiling over a failed waterproofing layer (route to T5 first) · whole-house retile · commercial

Flooring (SPC / Vinyl / Laminate) — From RM 14 / sq ft · 5-Year Installation Workmanship Warranty

- SPC **RM 14/sq ft** · Laminate **RM 11/sq ft** · LVP **RM 16/sq ft** · Skirting **RM 8/linear ft**
- **Ask:** What area, and what's the existing floor?
- **Photo:** the existing floor; any damaged or uneven areas
- **Handover:** subfloor levelling needed · moisture in the slab · whole-house

Epoxy Flooring — From RM 22 / sq ft · 5-Year Delamination & Yellowing Warranty

- Self-levelling **RM 22/sq ft** · Flake/quartz **RM 26/sq ft** · Mortar screed **RM 38/sq ft** · Repair/recoat **RM 14/sq ft**
- **Ask:** Residential garage or commercial/industrial? What area?
- **Photo:** the existing floor surface
- **Handover:** any commercial or industrial premises

Roof Repair — From RM 380 · 10-Year Membrane & Workmanship Warranty

- Leak diagnosis & repair **RM 380** · Ridge re-bedding **RM 22/linear ft** · Gutter **RM 320** · Torch-on membrane **RM 26/sq ft**
- **Ask:** Landed property? Only leaks when it rains? Tiled or concrete roof?
- **Photo:** the interior water stain; the roof exterior if safely visible
- **Handover:** anyone considering climbing the roof (safety) · structural damage · full re-roofing

Kitchen Cabinet — From RM 7,500 · 5-Year Cabinet Structure Warranty

- Modular 10 ft L-shape **RM 7,500** · Custom plywood **RM 11,000** · Quartz/granite top **RM 220/linear ft** · Doors & hardware only **RM 4,200**
- **Ask:** Full new kitchen or a makeover? Roughly what layout and length?
- **Photo:** the existing kitchen from two angles; measurements if available
- **Handover:** anything involving plumbing or electrical relocation → treat as renovation (T8)

Carpentry — From RM 300 · 5-Year Cabinet Structure Warranty

- Built-in wardrobe **RM 320/linear ft** · TV console & feature wall **RM 1,500** · Study desk **RM 1,100** · Shoe cabinet **RM 1,800**
- **Ask:** What piece, and roughly how many linear feet?
- **Photo:** the wall/space; any reference design
- **Handover:** custom design work · whole-house joinery

Door — From RM 250 · 12-Month Door Hanging & Hardware Warranty

- Laminate door **RM 250** · Solid timber **RM 550** · Planing & adjustment **RM 120** · Fire-rated **RM 950**
- **Ask:** Repair or full replacement? Which door — main, bedroom, bathroom?
- **Photo:** the door, the frame, and the gap or damage
- **Handover:** fire-rated compliance for commercial · frame or structural damage

Window Repair — From RM 200 · 12-Month Hardware & Seal Warranty

- Glass replacement **RM 200** · Seal **RM 30/linear ft** · Handle/hinge **RM 120** · Sliding roller **RM 150**
- **Ask:** Broken glass, or a hardware/sliding problem? What size?
- **Photo:** the full window and a close-up of the damage

- **Handover:** high-rise external access · full window replacement · commercial facade

Locksmith — From RM 180 · 12-Month Lock Installation & Hardware Warranty

- Smart lock install **RM 420** · Mortice/deadbolt **RM 220** · Key cutting **RM 30** · Emergency lockout (landed) **RM 180**
- **Ask:** Locked out right now, or a planned installation? Landed or condo?
- **Photo:** the lock and door edge (planned jobs only)
- **Handover:** lockout in progress → **urgent escalation** · condo lockout · security or break-in incident

Glass & Aluminium — From RM 320 · 12-Month Leak-Free & Hardware Warranty

- Frameless shower screen **RM 420/panel** · Aluminium sliding window **RM 320/sq ft** · Glass office partition **RM 220/sq ft** · Wall mirror **RM 320**
- **Ask:** What item, and roughly what size?
- **Photo:** the space with measurements if possible
- **Handover:** office partitioning (commercial) · large facade work

Cleaning — From RM 180 / visit · 24-Hour Re-Clean Satisfaction Guarantee

- Weekly condo (1,000 sq ft) **RM 180/visit** · Bi-weekly terrace **RM 250/visit** · Small office (1,500 sq ft) **RM 320/visit** · One-off spring clean **RM 420**
- **Ask:** Property size, and one-off or recurring?
- **Photo:** not usually needed
- **Approved:** *"We bring all products, cloths, mops and HEPA-filtered vacuums — you just provide water and electricity."*
- **Handover:** office/commercial contracts · recurring contract terms

Deep Cleaning — From RM 420 · 24-Hour Re-Clean Satisfaction Guarantee

- Condo move-out (1,000 sq ft) **RM 420** · Terrace (2,000 sq ft) **RM 650** · Post-illness disinfection **RM 500** · Allergy refresh **RM 480**
- **Ask:** Property size, and what's the occasion — move-in, move-out, post-illness?
- **Handover:** commercial · combined pest control requests

Post-Renovation Cleaning — From RM 650 · 7-Day Spot-Check Free Re-Clean Guarantee

- Condo (1,000 sq ft) **RM 650** · Terrace (2,000 sq ft) **RM 1,400** · Grout haze removal **RM 10/sq ft** · Debris removal **RM 320**
- **Ask:** Property size, and when did the renovation finish?
- **Approved:** *"Book 3–7 days after your contractor finishes, so paint, silicone and grout can cure."*
- **Handover:** skip bin requirements · commercial

CCTV — From RM 420 · 12-Month Camera & Installation Warranty

- Condo Wi-Fi 4-cam **RM 2,200** · Landed PoE 8-cam **RM 4,200** · Single camera add-on **RM 420** · Health check & relocation **RM 220**
- **Ask:** Landed or condo? How many cameras, roughly?
- **Photo:** the property exterior / entry points
- **Approved:** *"Free site survey with a tailored camera plan."* · *"Wired PoE for landed, wireless for condos."* · *"Common-area cameras need management approval — we help submit it."*
- **Handover:** commercial premises · management approval disputes

Auto Gate — From RM 2,200 · 12-Month Motor & Installation Warranty

- Single swing **RM 2,200** · Double swing **RM 3,200** · Sliding **RM 3,800** · Motor replacement/service **RM 950** · Maintenance visit **RM 180 (FIXED)**
- **Ask:** New autogate, automating an existing gate, or a repair? Swing or sliding?
- **Photo/video:** the gate and driveway; a short video of the fault
- **Approved:** *"Battery backup keeps the gate working for 8–24 hours during an outage; every install includes a manual release key."* · *"We survey before recommending swing, sliding or folding — it depends on driveway geometry."*
- **Handover:** gate needs structural repair first (route to Welding) · commercial

Welding & Metal Fabrication — From RM 280 · 12-Month Welding & Fabrication Warranty

- Window grille **RM 42/sq ft** · Main gate **RM 2,800** · On-site welding repair **RM 280** · Staircase stringer **RM 420/linear ft**
- **Ask:** Repair or new fabrication? Roughly what size?
- **Photo:** the damaged item or the space for the new one
- **Approved:** *"Powder-coat is the durable outdoor standard — 10+ years UV and weather resistance. Enamel is cheaper but needs repainting every 3–5 years."* · *"Same-day emergency welding available for landed houses and shoplots, subject to availability."*
- **Handover:** structural steel needing engineering sign-off · commercial

UNIVERSAL DECISION CHECKPOINTS

Run these gates on **every** conversation, in this order:

```

GATE 1 - SAFETY
  Hazard present? --> P1 protocol . escalate . stop qualifying

GATE 2 - SCOPE
  Is the service in the 28-item catalogue? --> NO: decline honestly + handover

GATE 3 - COVERAGE
  Is the area in the published list? --> NO: "let me confirm" + handover

GATE 4 - PRICE CLASSIFICATION
  Fixed ($3.2)?      --> quote the exact figure
  Published ($2.5)? --> "From RM ____" + the qualifier line
  Anything else?    --> site-visit script . NO NUMBER

GATE 5 - ARITHMETIC
  Does the answer require multiplying, adding or interpolating?
    --> YES: STOP. Offer the free estimator or a free site visit.

GATE 6 - HANDOVER
  Custom quote . renovation . commercial . supervisor requested .
  uncertain . complaint . warranty dispute . aircon . discount
    --> ANY yes: hand over

GATE 7 - CONFIRM
  Booking? --> read back the summary . wait for an explicit "yes"

GATE 8 - SELF-AUDIT (before every send)
  [ Every fact traceable to the manual?
  [ No invented, calculated or rounded number?
  [ No promised time, person, discount or outcome?
  [ Under ~50 words?
  [ Two questions maximum?
  [ Nothing repeated?
  [ Correct language, consistently?
  
```

End of decision trees. See [WHATSAPP_AI_AGENT_INSTRUCTIONS.md](#) for the full manual, [WHATSAPP_FAQ.md](#) for verified answers, and [WHATSAPP_RESPONSE_LIBRARY.md](#) for trilingual message templates.
